

Annual Partner Program

When you support Texas Water Foundation, you are investing in the next generation of water leaders. Your contribution allows us to help prepare water leaders as they enter leadership roles, equip decision makers, and create champions for Texas Water.

We know that Texas' population is going to more than double over the next 50 years, and that our water demands will increase with it. Now more than ever, Texas needs water champions and equipped decision makers to lead us into a sustainable water future. Join our Annual Partner program to invest in that future today. [Learn more on our website.](#)
